# Get Paddle Happy.

## ROCKPORT

Rockports to the rescue for those on a limited recreation budget! Our tough, lightweight, high-density polyethylene construction easily handles the bumps, scratches, and rocks of the rugged outdoors, just like you do. With the stability, comfort and fun features of a Rockport, all you need to reach a place of solid satisfaction is a paddle.

## GUIDE

The Guide represents a breakthrough in design and construction, ultimately offering a durable, stiff and affordable canoe. With its unique beamy cross-section and stabilizing chines, the Guide delivers exceptional stability. And its sharp entry provides surprisingly efficient tracking. Let the Guide show you the way on your next family outing.

CHARLES RIVER

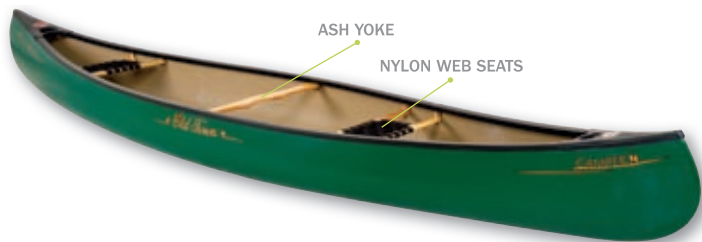

"It is extremely graceful in appearance and very steady, combining beauty in outline with speed and ease of paddling." That's how Old Town's 1903 catalog described our then-new Charles River canoe, and we believe those words ring just as true today. Enjoy yesterday's classic design – curved ends with a tumblehome cross-section – with contemporary materials that provide performance and lightweight durability.

PACK & PACK ANGLER

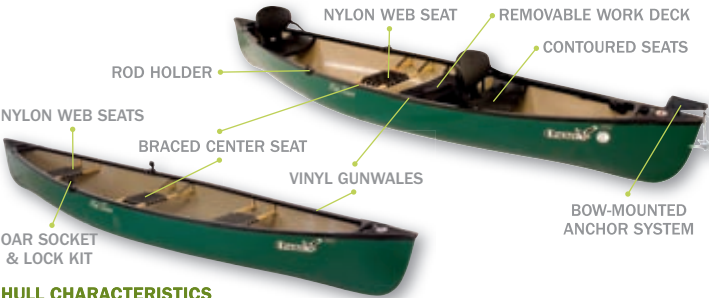

There's enough versatility packed into the 12-foot, 33-pound Pack to keep it going from dawn to dusk, with every member of the family taking a turn. Made of tough, lightweight Royalex®, it's so light that anyone who can paddle solo can carry it; on a portage, to and from the water, on and off the car top. The Pack goes where other canoes can't and is well-suited for a double-bladed paddle.

OSPREY & OSPREY ANGLER

The Osprey is a great choice if you're looking for a light-weight, stable canoe with excellent durability. Easy to handle both in and out of the water, we built this boat with an arched bottom and straight sides so it is efficient and maneuverable. Whether your paddling or rowing, as its namesake implies, this canoe is at home above the water.

PENOBSCOT

Named after the Native Americans that inhabited Old Town, Maine, since before recorded history – and from whom we’ve gained immeasurable boat-building knowledge – the Penobscot is an homage to their superb craftsmanship, design, and navigational skills. The Penobscot’s nearly plumb ends, shallow arch bottom and slight rocker have made it a sleek, nimble tripping canoe for solo or tandem paddlers. For extended expeditions, consider the lightweight, yet durable, Royalex® versions.

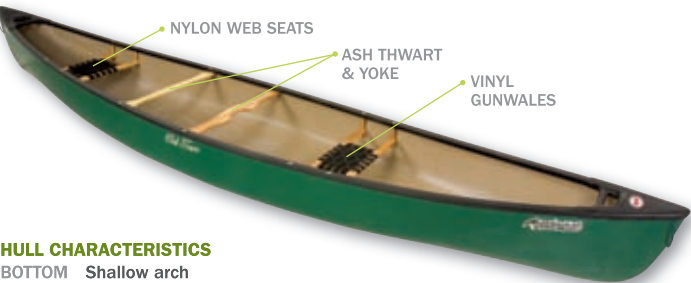

HULL CHARACTERISTICS

APPALACHIAN

With maximum rocker for excellent maneuverability in whitewater, and flared ends for dryness and buoyancy, you’ll be impressed with this 16-foot river runner. The shallow arch hull offers great initial and secondary stability, both solo or tandem paddlers will appreciate its quick response and tight handling in conditions up to Class III. It’s also a great choice for those heading for the hills with lots of gear.

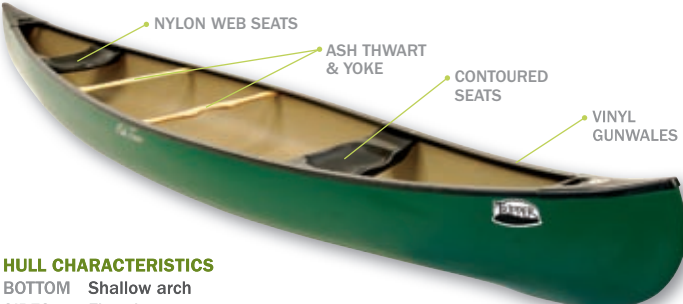

HULL CHARACTERISTICS

- BOTTOM Shallow arch
- SIDES Flared
- ROCKER Maximum

TRIPPER

Go ahead and load it down – that’s exactly what this wilderness workhorse was designed for! A high volume, shallow arch hull with deep-V entry, lets you easily paddle the Tripper under heavy load. It’s moderate rocker and shallow arch offer exceptional stability and let you ride the whitewater with ease.

THE LEGACY OF WOOD

Wood and canvas canoes first appeared in the late 1800s, gaining favor as a more durable, lower-maintenance alternative to the Native American birch bark designs. While their rich history dates back over a century, they are hardly a thing of the past. Our classic wooden canoes are still hand-crafted on the same forms that have been used for generations. We are proud of this heritage and how it defines us. As with any made to order hand-crafted work of art, our wooden canoes take time, but the legacy is worth the wait.

GUIDE

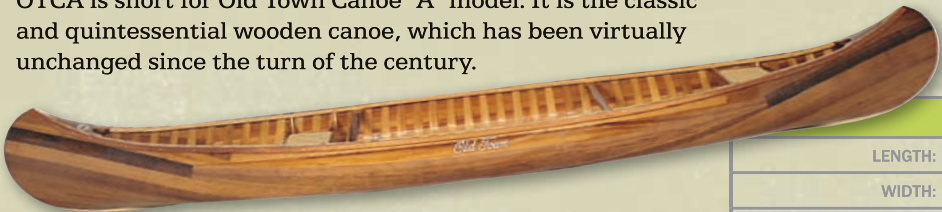

Not only is it beautiful, it's the design Maine guides find most useful in the back country. It's low profile reduces windage, while its long flat floor offers a shallow draft and a big cargo space.

GUIDE 16	
LENGTH:	16' / 4.9 m
WIDTH:	35" / 88.9 cm
WIDTH AT 4" WATERLINE:	35" / 88.9 cm
BOW HEIGHT:	20.5" / 52 cm

WEIGHT:	76 lbs / 38.1 kg
MAX LOAD RANGE:	600 - 650 lbs / 272.2 - 294.8 kg
COLORS:	● Green Canvas ● Wood (Clear) Fiberglass

OTCA

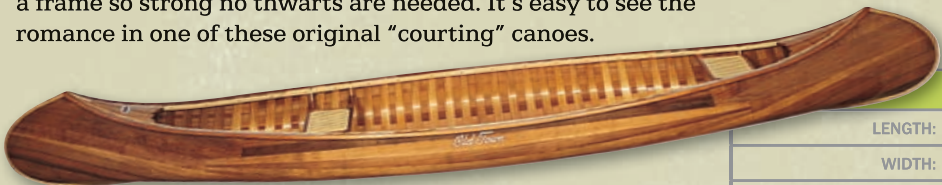

OTCA is short for Old Town Canoe "A" model. It is the classic and quintessential wooden canoe, which has been virtually unchanged since the turn of the century.

OTCA 16	
LENGTH:	16' / 4.9 m
WIDTH:	36" / 91.4 cm
WIDTH AT 4" WATERLINE:	36" / 91 cm
BOW HEIGHT:	23" / 58.4 cm
DEPTH:	12" / 30.4 cm
WEIGHT:	76 lbs / 38.1 kg
MAX LOAD RANGE:	600 - 650 lbs / 272.2 - 294.8 kg
COLORS:	● Green Canvas ● Wood (Clear) Fiberglass

MOLITOR

Long decks, outside stems and oval cypress gunwales create a frame so strong no thwarts are needed. It's easy to see the romance in one of these original "courting" canoes.

MOLITOR 17	
LENGTH:	17' / 5.2 m
WIDTH:	35" / 88.9 cm
WIDTH AT 4" WATERLINE:	35" / 88.9 cm
BOW HEIGHT:	22" / 55.9 cm

## NEW FOR 2010! DIRIGO XT SERIES

Upon its introduction the Dirigo revolutionized the recreational kayak market. The Dirigo XT series takes innovation to an all new level. Already known for its creature comforts including unique and comfortable thigh pads, a storage glove box and the easy to access Space Hatch™, the Dirigo XT now features the new ACS seat. The ACS (Active Comfort System) seat has been ergonomically engineered to maximize your comfort on the water.

### FEATURES:

- ACS (Active Comfort System) Seat
- Day Space Hatch™ and Bulkhead
- Glove Box Hatch for Cell Phone, Keys
- Safety Perimeter Line and Deck Bungee
- Removable Child Seat (140 & Tandem Plus only)
- Adjustable Foot Braces
- Thigh Pads
- Paddle Keeper
- Cup Holder
- Optional Rudder System (Tandem Plus only)

## NEW FOR 2010!

## ACTIVE COMFORT SYSTEM (ACS) SEAT

### Four Way Adjustment System

1. Backrest height is adjustable to five positions.
2. Self-correcting dual pivot action conforms to your lower back
3. Adjustable lumbar support
4. Adjustable thigh support

### Advanced Technology

The ACS seat base is comprised of a tri-laminate (similar to a running shoe). This construction provides support where you need it & softness where you want it.

### Cup Holder

### Comfort Cushion Seat Pad

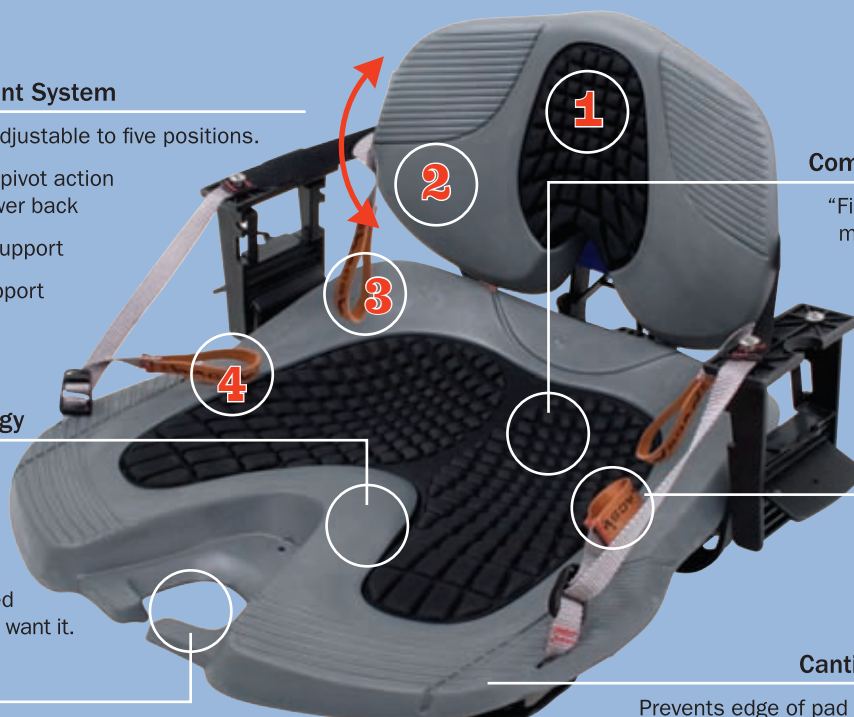

"Fingers" on seating surface move with your body as you paddle providing all day comfort, breathability and drainage.

### Grab Loops

Quick, easy "on the water" adjustments

### Cantilevered Thigh Support

Prevents edge of pad from digging into your leg.

## THE CAYUGA SERIES

The Cayuga combines the maneuverability and tracking that avid paddlers need with the stability and comfort a newcomer will appreciate. All of the Cayugas are designed with ample cockpit room and gear storage space so that you can fully concentrate on enjoying your on-water activity.

### FEATURES:

- **New!** ACS (Active Comfort System) Seat
- Rear Hatch and Bulkhead for Dry Storage
- Bow Hatch and Bulkhead (130 & 146 only)
- Small Day Hatch (146 only)
- Convenient Cross Lock™ Hatch Cover
- Angled Cockpit Rim for Map Viewing
- Adjustable Foot Braces
- Paddle Keeper
- Deck Bungee
- Optional Thigh Brace Kit
- Optional Rudder System (130 & 146 only)
