Polyéthylène compound

Polyethylene compound PEHD recyclable & with UV inhibitors. Virtually indestructible under normal use, we have chosen this premium material for durability.

The properties of the Compound + allow excellent consistency in molding and wall thickness. Compound + is also very abrasion-resistant. In addition, Compound + has UV inhibitors to protect your kayak against sun damage, gives a rich, vibrant color and extends the life of your boat

Tough & ecologically responsible

adventure Team

For over 30 years, Rotomod has designed and produced canoes and kayaks in France. These kayaks and canoes can be found all over the world floating down rivers, catching an ocean wave and making expeditions to pristine waters. By promoting and initiating sit on top kayaks in Europe, RTM introduced kayaking to thousands of people. These unique sit on top kayaks allow people of all ages and skill levels to get out on the water easily and responsibly, enjoying a healthy activity.

Discover from the water the most beautiful scenery on the planet, close or far from home!

With the spirit of adventure!

 Ocean Quatro Angler
 with optional
 Hi-Com
 fort backrest

The Ocean Quatro is a design for carrying one, two, three or four paddlers. An exceptional choice for families and rental operations, this kayak has a great load carrying capacity.

The main seats are located in the bow and stern while in between are two smaller seats to accommodate children or a solo paddler. Channels drain water away from the seating and foot area to provide a drier ride. Ample room and great stability, the Quatro is at home on flat water, lakes and the ocean.

Versions : • **standard** Colours : sun, sky, jungle
 • **Angler** Colours : sun, jungle

tip for all RTM's
In rough conditions
(ocean, rivers...), the use
of knee-braces allows
better control and
maneuverability and
more efficient paddling

The Mambo is the ultimate all around kayak; stable, maneuverable and easy to use and store (stackable).
Due to its unique hull design, the Mambo and is equally at home in the surf as it is on flat water.
A day at the beach, a relaxing paddle on a river or exploring your favorite lake, the Mambo does it all.
Surf, day trips, family fun, exercise, nature watching, scuba and snorkeling, fishing, easy rivers, flat water.

Mojito

Sit on Top
Touring – Beach games
Adult & Child
Sea ♦♦♦♦ - river ♦♦♦♦

As exhilarating as the cocktail of the same name, this sassy little Sit on Top is versatile & ergonomic with a very affordable price. Its built in backrest makes for a very comfortable and efficient seat. A second small seat at the front allows for paddling with a child on calm water. An elegant hull lets beginners easily take up surfing and improve their technique. The Mojito's stability will entice bigger paddlers to explore sea coast, lakes and rivers with complete confidence. This kayak is also easy to carry and store thanks to its integrated carry handles, its compact size and lower weight. Stackable head-to-tail

Disco +

Disco + angler
with optional
Hi-comfort backrest

Fast and stable with beautiful lines, the Disco+ is an easy choice for those looking for performance. Ample storage in the stern, a large round front hatch and a generous weight capacity make the Disco+ an ideal touring kayak. A high back on the seat and stable hull design ensure that comfort and stability are built in features! This boat handles great in open waters.

This kayak is also an ideal choice for experienced paddlers looking for speed and easy handling. For medium sized fishermen, this kayak has no hull slap, meaning it is easy to sneak up on fish.

New in the RTM Angler line up, the ABACO, is a labour of love, designed by RTM's fishing guides and an aquatic engineer. Light, fast and silent, the ABACO, is a modern kayak, with resolutely dynamic lines, inspired from the racing hulls of sailboats. With its 2 recessed areas (front and rear), the Abaco is perfect for long angler trips (1 to 2 days). With well-proportioned weight and dimensions, it is equipped with well placed fittings. The ABACO suits both beginner and experienced anglers, can come fully equipped or you can fit out the kayak to your specifications.

Abaco

Tango

Nimble and versatile, the Tango has an even hull for maneuverability and a small keel that maintains tracking. This kayak's ample seat width and abundant weight capacity provides for larger paddlers and paddlers with heavy gear. A low center of gravity adds to the stability. Built in stern storage with gear straps makes it easy to reach snorkel and fins. The Tango is the perfect day tripping sit on top for lazy rivers, lakes and calm ocean waters.

L : 9' 7" - W : 23,6" - D : 12,2" - Wt : 35 lbs - Max.Cap : 210 lbs

Tri-lam technology is an ideal material for kayaks when performance and buoyancy are key. Technology allows us to produce a stiffer and lighter craft than traditional single layer boat. Incredibly rigid, the 3 layers sandwich is made of a low-density closed cell PE core covered on both sides with high density PE.

TRI-Lam technology advantages :

- Lighter, stiffer, faster
- Foam core provides built-in buoyancy, insulation against cold and noise

Ysak

Ysak Luxe (26 kg) /57 lbs

PE Tri-Lam Technology

- Nylon adjustable footrests
- 2 retractable carry handles • PE seat
- Front paddle keeper
- 2 waterproof foam bulkheads
- 3 rubber hatch covers
- Thermo comfort backrest
- Deck line
- Towing & lock ring
- Front & rear bungees
- Integrated knee braces

Length : 506 cm / 16'6"

Width : 0.57 cm / 27.6"

Depth : 30 cm / 11.8"

Max Cap. : 120 kg / 265 lbs

Cockpit : 81 x 46 cm / 32" x 18"

The Ysak is the ideal long distance touring kayak. Its longwaterline ensures for excellent tracking and a comfortable paddle. It has high volume storage compartments and the option of fitting a rudder. The Ysak's large hatch covers provide easy and convenient access. Generously fitted out.

Versions : Luxe & Hi-luxe

Colours : Sun, Yellow/black, grey storm

Ysak Hi Luxe (27,5 kg) /61 lbs

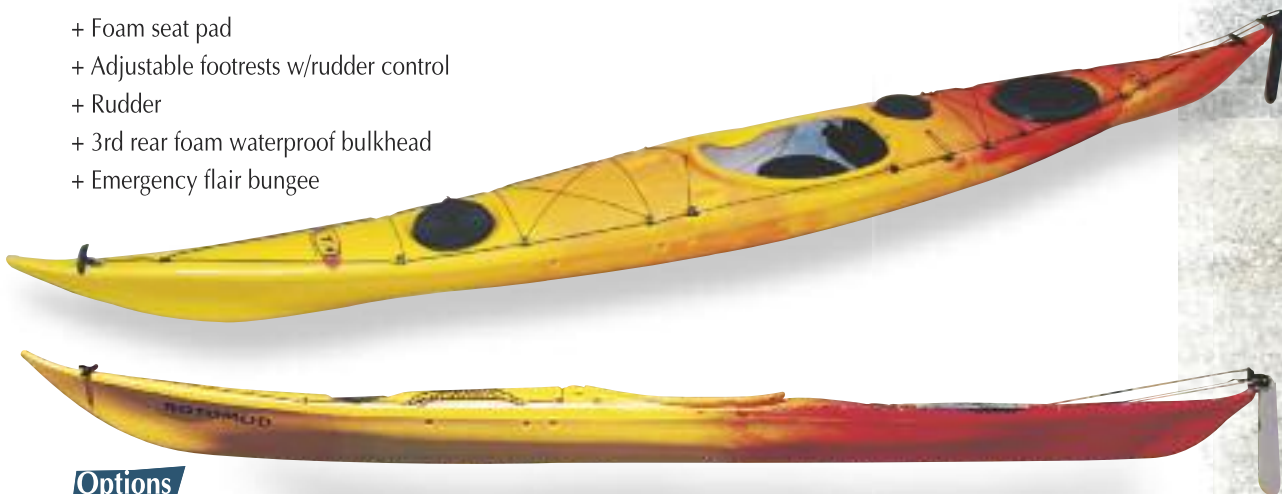

PE Tri-Lam Technology

As Luxe

- + Foam seat pad
- + Adjustable footrests w/rudder control
- + Rudder
- + 3rd rear foam waterproof bulkhead
- + Emergency flair bungee

Options

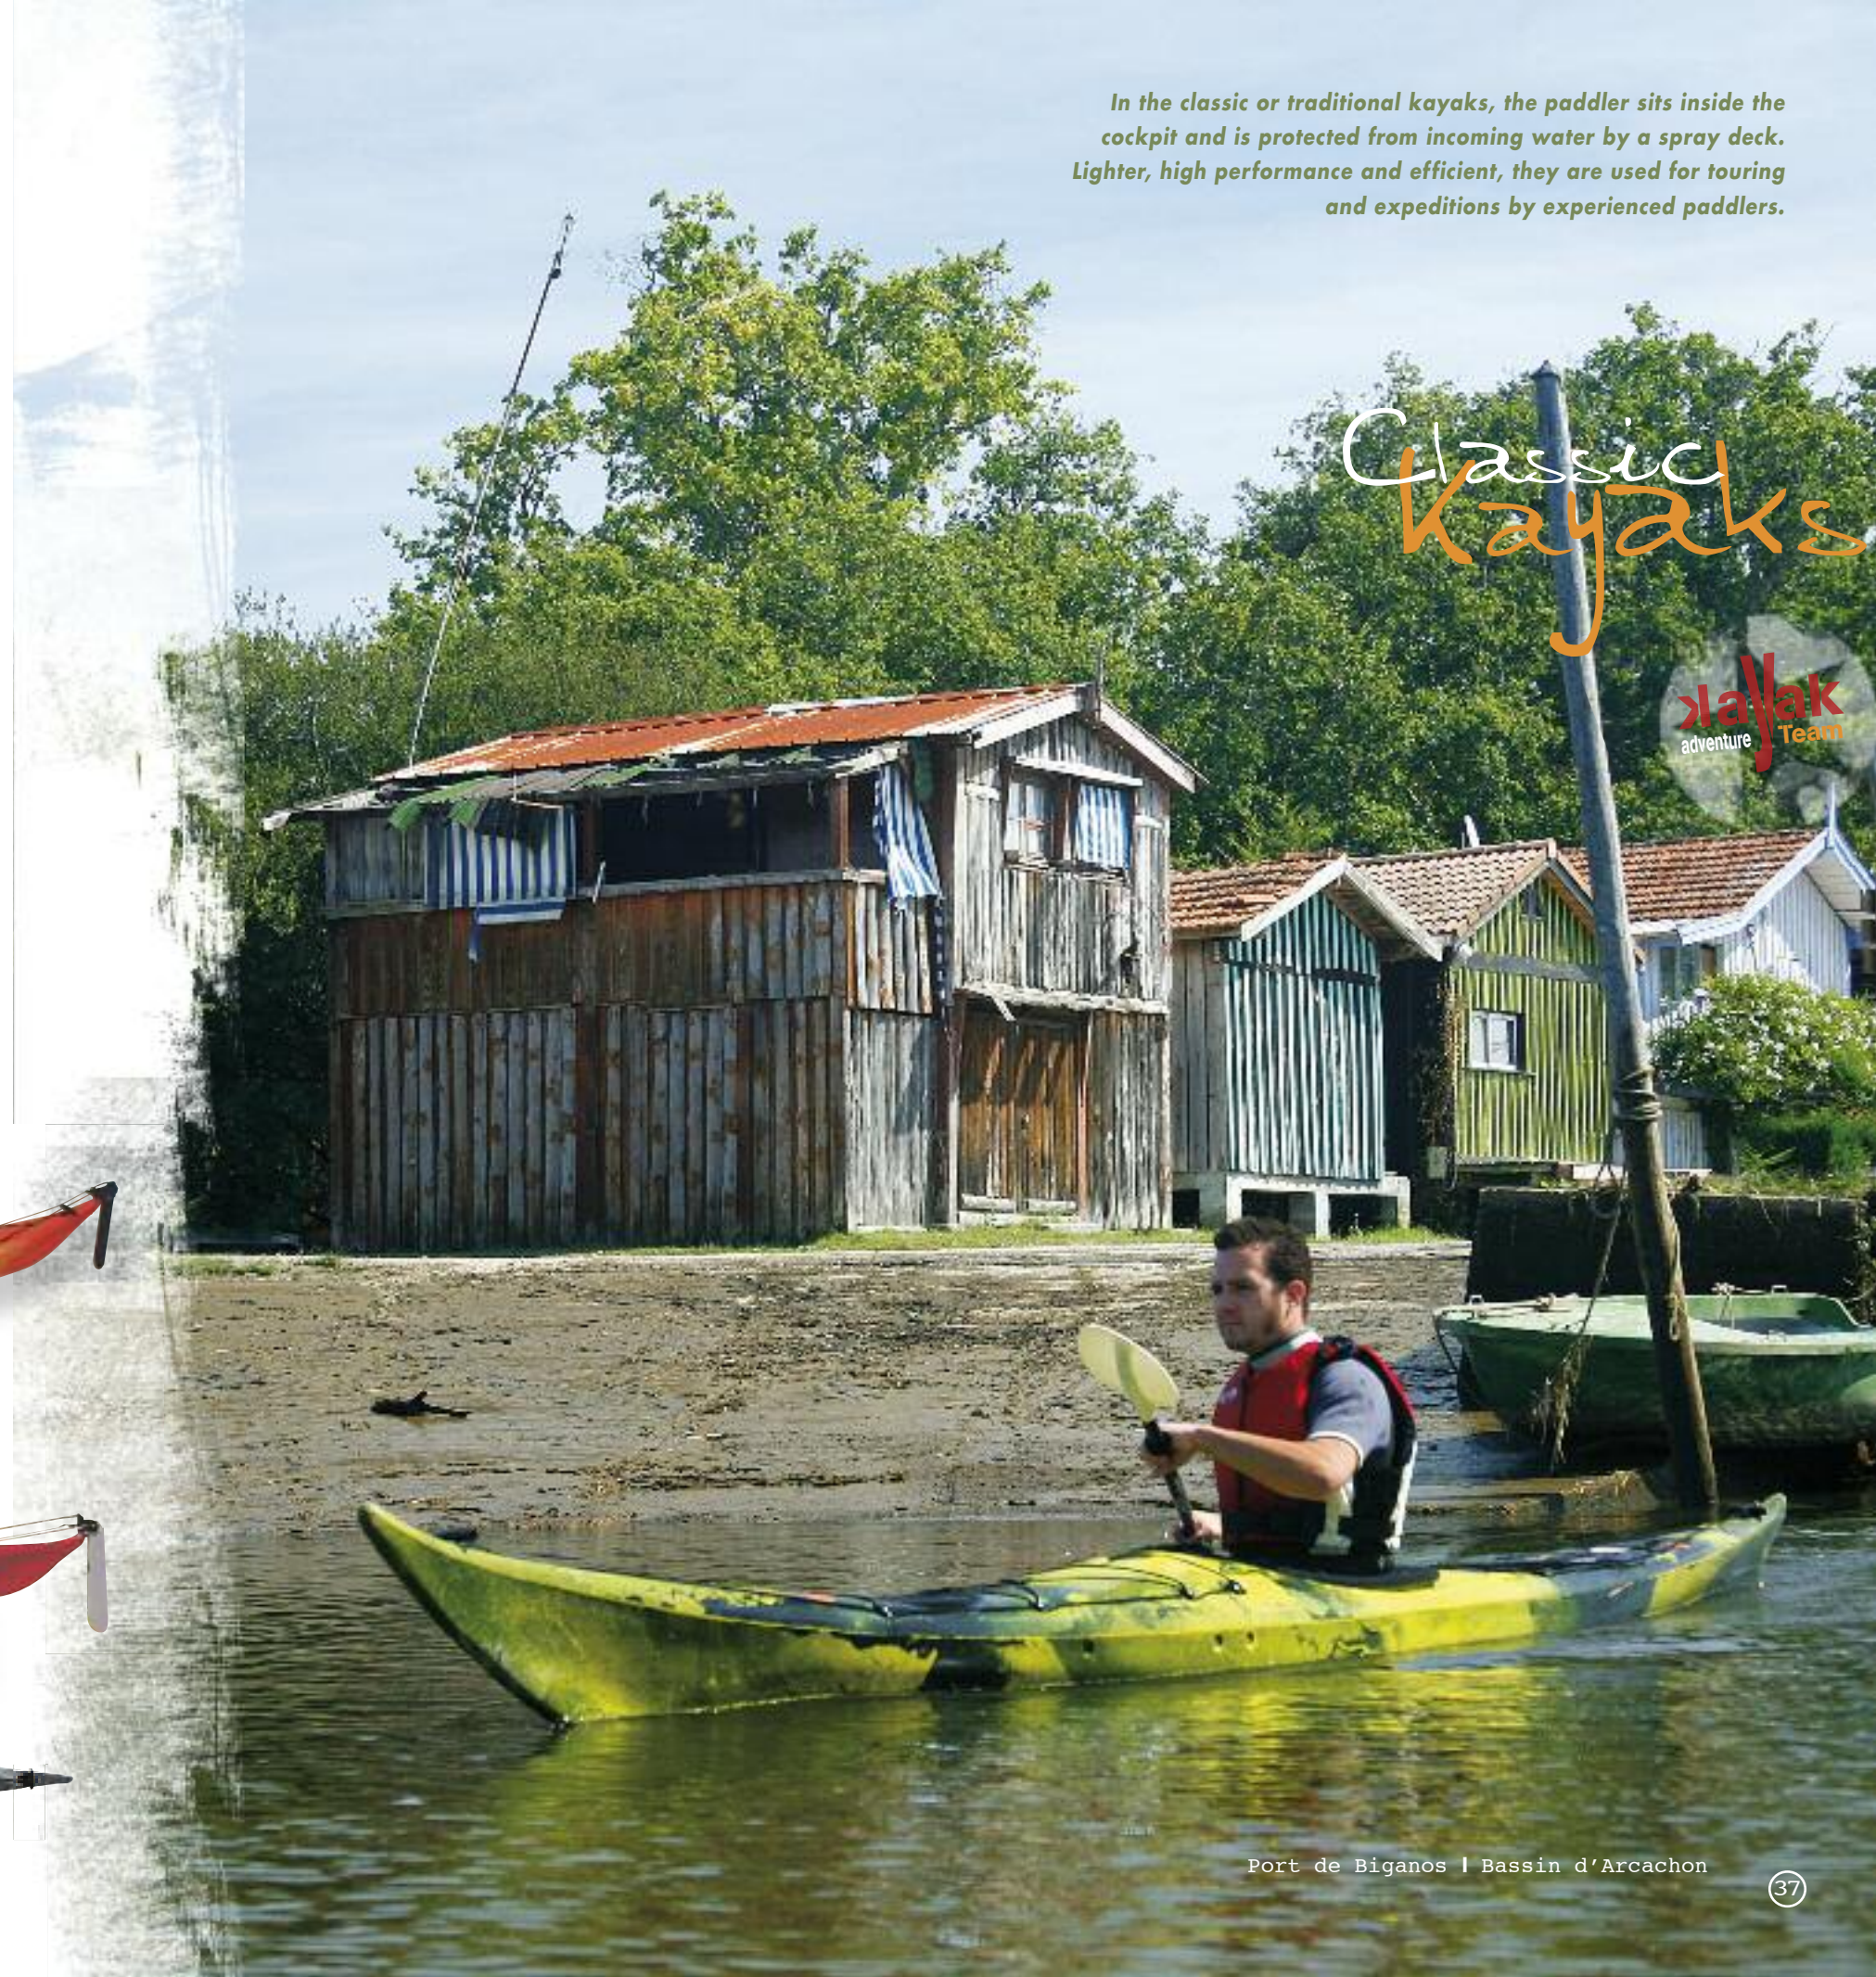

- Kayak trolley
- Spray decks & half spray deck
- Gear bags

In the classic or traditional kayaks, the paddler sits inside the cockpit and is protected from incoming water by a spray deck. Lighter, high performance and efficient, they are used for touring and expeditions by experienced paddlers.

The Expresso is the sleekest and most elegant among smaller sea kayaks. Speedy, stable and streamlined, the Expresso combines comfort and performance like no other day touring kayak. Beginners or experienced paddlers will enjoy day trips or excursions. A classic Greenland designed hull ensures a dry deck and easy paddle. The Expresso is an excellent choice for the average weight paddler.

The Speedo's advanced technical characteristics provide the dynamism and performance that its name suggests. This dynamic duo is cleverly equipped, has a great load capacity and provides unequalled comfort on the water. Combines all the advantages of our sea going range.

"The mascaret"

(from the Gascon word « mascaret ») is
a phenomenon of sudden rising water
level in a river or estuary, caused by the
wave of the rising tide during extreme
tidal conditions. This only happens in
certain rivers when the current is
disturbed by the rising tidal flows. The
most spectacular mascarets can be
observed at The River Severn, England,
The Amazon, Brazil, The Quiantang,
China and The Gironde, France. Pictured
here is St Pardon, Dordogne showing
an RTM Optimo amongst the surfers
riding the big tidal wave.
